

CENTRAL INTELLIGENCE AGENCY ~~MR-1-03834~~
WASHINGTON 25, D. C.

Mr. Richard G. Croft
630 Fifth Avenue
New York, New York

Dear Dick:

I have your letter of 31 October 1950 filling me in on
[redacted] educational background and travels.

The personnel people here do have an interest in talking with her if you can carry out the arrangements for her to visit us. Before she does come down though, it would expedite matters if she would complete the enclosed Form 57 and forward them to my Personnel Director in the enclosed envelope. This will enable us to set up specific discussions in consonance with her background and desires.

I would appreciate your forwarding me this information, and as soon as I can be definite on the employment possibilities, I will let you know.

Sincerely,
